

Treo™ 650

The Treo™ 650 smart device from palmOne makes it easier than ever to stay connected. It simplifies your life by combining a compact mobile phone with email, an organizer, messaging, and web access.¹ There's also Bluetooth® technology so you can connect wirelessly to other Bluetooth devices. Plus, there's a built-in MP3 player,² a digital camera that captures video, and a vibrant color screen that brings everything to life.

Pick up a smarter phone. The Treo 650 smart device looks and feels just like a phone, but it's so much more. You can carry thousands of business and personal phone numbers with you, and then dial any of them by name right from your Contacts list. And a full QWERTY keyboard makes dialing, entering information, and using all of your Treo 650's functions that much easier.

Stay connected with wireless email and messaging.¹ VersaMail® wireless email lets you send and receive email from your existing account when you're away from your desk or out of the office. And you can exchange thoughts and ideas on the fly with text and picture messaging. With the Treo 650 smart device, you're always in touch with what's important to you.

Organize your entire world. With Calendar, Contacts, Tasks, and Memos, the Treo 650 smart device lets you organize your business and personal life—all in one place. You can synchronize your calendar and contacts with your computer, so everything's always up to date. Plus, if you already have a Palm OS® handheld or smartphone, you can transfer information from your old device with the touch of a button.

Browse web sites on the go.¹ Get driving directions when you're on the road. Or check the latest news and sports scores while you're waiting for a flight. Featuring a built-in web browser, the Treo 650 smart device loads web sites quickly and even displays pages with frames—all on a bright, crisp touchscreen color display.

¹ Within wireless service coverage area only. Web, email, and messaging may require data services from Sprint at an additional cost. ISP may also be required.
² Requires expansion card, sold separately.

Treo™ 650

Full-featured smart device

- Use the keyboard to dial by name from your contacts list, use Favorites, or dial on-screen.
- Speakerphone, speed dial, conference calling, call history, and caller ID are easier to use on the large screen.
- Use picture caller ID and assign ringtones to your callers.

Wireless email¹

- Sprint PCS Business ConnectionSM interfaces seamlessly with Microsoft Exchange and Lotus Domino to extend wireless access to mail and calendar applications securely and conveniently.²
- VersaMail supports popular Windows desktop email clients as well as IMAP and POP3 accounts, like Yahoo!
- Download mail wirelessly, or by synchronizing with your desktop.³
- Built-in Microsoft Exchange Server ActiveSync[®] protocol for direct corporate email and calendar sync with Exchange Server 2003.
- View photos, HTML, and native Microsoft Word, Excel, and PowerPoint attachments.⁴
- Automatic message retrieval and a "live" Outbox that sends messages at the first opportunity.
- For corporate email solutions, third-party client software also supports Lotus Notes, Novell GroupWise, and earlier versions of Exchange.

Text and picture messaging¹

- Send and receive text, photos, and video from a single Inbox.
- Capture and send photos and images in a few easy steps.
- See an entire conversation in a chat-style thread.

Powerful Palm OS organizer

- Calendar, Contacts, Tasks, Memos, and more let you organize business and personal information in one place.
- Transfer your existing information from a Palm OS device in one step.
- 23MB of memory lets you store thousands of entries, plus email, documents, pictures, and more.
- View, edit, and create Word- and Excel-compatible documents. View PowerPoint-compatible files.⁴
- Choose from thousands of applications supported by Palm OS 5.4 for additional functionality.

Built-in web browser

- View your favorite web sites quickly.¹
- Easy 5-way navigation and frames support.
- Download ringtones, applications, and more.
- Use hyperlinks to dial phone numbers and send email messages directly from web pages.

Bluetooth wireless technology

- Easily connect with Bluetooth headsets and car kits.
- Wirelessly synchronize with your desktop or laptop computer.⁵

MP3 player, camera, and more

- Play your favorite MP3s right on your phone.⁶
- Easily transfer music, photos, and video from your desktop.
- Point, shoot, and send pictures with ease.
- Capture video and play it back on a high-resolution color screen.
- Create a digital photo album to store your photos.

¹ Within wireless service coverage area only. Web, email, and messaging may require data services from Sprint at an additional cost. ISP may also be required.

² Additional charges may apply.

³ Windows only.

⁴ Requires DataViz[®] Documents To Go 7, included on the Installation CD.

⁵ Requires Bluetooth technology on the computer.

⁶ Requires expansion card, sold separately.
